

Important PROMIS COVID-19 Update - Vaccine Brand and Dose Entry

January 14, 2021

COVID-19 vaccine brand and dose is now an available immunization option to enter in the PROMIS 4 Patient Infectious Status/Immunization History screen.

How to view a patients COVID-19 Vaccine History in PROMIS:

- Select the Patient Infectious Status/Immunization History screen from a patient's record in *PROMIS 4* > *Orders/Results* > *Pt Infectious Status/Immunization Hx Summary*.

How to make a COVID-19 Vaccine Entry into PROMIS:

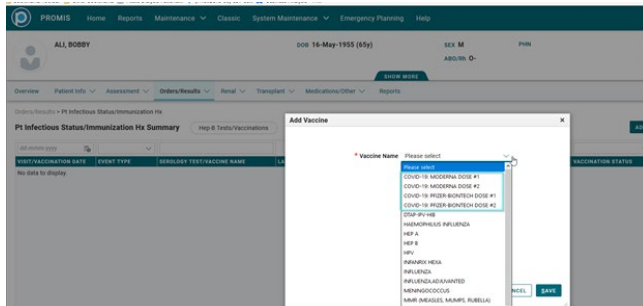

- Select the Patient Infectious Status/Immunization History screen from a patient's record in *PROMIS 4* > *Orders/Results* > *Pt Infectious Status/Immunization Hx Summary*.
- Click Add button

- Select the appropriate vaccine brand and which dose.

You currently have four COVID-19 vaccination options to select from:

- COVID-19: Moderna Dose #1
- COVID-19: Moderna Dose #2
- COVID-19: Pfizer-BioNTech Dose #1
- COVID-19: Pfizer-BioNTech Dose #2

- Select Vaccination Date
- Select Vaccination Status
- Select Vaccination Site
- Add Lot #
- Add Administered By
- Add Notes – if required
- Save

- Immunization history will be updated with the vaccine entry:

VISIT/VACCINATION DATE	EVENT TYPE	SEROLOGY TEST/VACCINE NAME	LAB RESULT	SERIES	MONTH/YEAR	UNIT	LABORATORY	VACCINATION STATUS
04-Feb-2021	Immunization	COVID-19: MODERNA DOSE #2						Booster
07-Jan-2021	Immunization	COVID-19: MODERNA DOSE #1						Given
