

PROMIS 4.16 Training

[Dialysis Prescription \(Validation button\)](#)

Background:

A validation button will now be available to enable users (Clerks and nurses working in PD, HD and Home Hemo units) to validate active dialysis prescriptions. It will provide a quick and easy way to indicate the patient's dialysis Rx is the same.

Navigation:

PROMIS 4 > Renal > Dialysis Prescription

Functionality:

On the detail page of the Dialysis Prescription of HD or HHD or PD record, a  button is introduced. The user validates the record by clicking on the button which saves the user ID and the date it was validated. It will be displayed as
